

# DELEGATES TO STATE CONVENTION

Fifteen to be Appointed From Norwich Republican Club—  
Gubernatorial Candidate Studley and Congressional  
Candidate King Coming Here to Speak at Rally—Reports  
of Republican Strength About the State.

Plans for two republican rallies before the presidential election occupied the greater part of the time at the meeting of the Republican club in their headquarters in Shetucket street Monday evening. City Attorney John D. Hall presided.

In opening the session President Hall referred to the affiliation of the local club with the National Republican league, saying that the membership in the national organization, to his way of thinking, was a quasi-membership to be revoked at the option of the local club, provided the action of the larger body was not approved by this organization. He had expected, he said, that the state headquarters in New York would furnish speakers for a rally in this city at any time, but applications had met with a reply that they could not supply speakers and that the state headquarters in Hartford must be applied to. President Hall stated that he thoroughly believed in the local republican club, that it was a good thing, whether allied with the national organization or not. We can, he said, through this club accomplish a great deal in this campaign, and as a permanent organization this club may be of great use in the future. This club is essential, has accomplished much, and can still accomplish much more.

The secretary, Albert J. Bailey, then read a letter from the national headquarters at New York relative to the formation of a Connecticut League of Republican Clubs at a meeting to be held at Hartford on Oct. 25. Each republican club of the state is to have 15 representatives, while in towns in which there are no clubs the town

chairman may appoint a delegation of 15.

Chairman H. H. Gallup of the executive committee reported that the committee had requested Chairman Burnap of the town committee to take up the matter of securing speakers for some night this week with the state central committee.

Chairman Burnap reported that with the secretary of the club, Albert J. Bailey, he had visited members of the state central committee in Hartford last Saturday, and that he had secured as speakers for a rally on Friday of this week Judge John P. Studley, candidate for governor, William A. King, candidate for congress, and a Mr. Krim. On Wednesday, Oct. 30, it was announced, Senator Frank B. Burdette and the nominee for state secretary, Gustaf Carlson, will address a rally in this city. Provided the republican leaders in that section consider it desirable, a French speaker will be provided to address a meeting in Taftville Nov. 1. Chairman Burnap reported that from reports about the state he believed Connecticut was strongly republican.

John Bodles, H. H. Gallup, William B. Young and George H. Stanton addressed the meeting, urging the members of the club to help make the rally successful, as there is but a short time before election. Mr. Young was appointed chairman of the committee on fire works and was empowered to select the members of his committee. The chair was instructed to appoint the 15 delegates and alternates to the state gathering to be held in Hartford on the 28th.

There was plenty of republican spirit in the gathering and confidence was evident.

## HAND TORN OFF

IN PICKER MACHINE  
Employee at Fitchville Mill Was Cleaning Machine at Palmer Mill.

At the Palmer mill in Fitchville on Monday a picker employee lost his left hand by having it caught in a picker machine which he was cleaning. He was an unmarried man about forty years old who goes by the name of Joe.

The accident happened when the machinery started up just after the noon shutdown. The man was an employee of the mill of more than a year's standing, it was stated, and was well acquainted with the fact that the power would be turned on at that time, but he went in to clean his machine during the noon hour and had his hand in back of the machine when the power started. He apparently lost track of the fact that it was time for the power to go on. His left hand was torn off. Other employees bound up the lacerated arm with rope to stop the flow of blood, and the injured man was taken to the Backus hospital, where his arm was amputated above the elbow.

Monday evening it was reported from the hospital that he was doing as well as could be expected.

## MIXED FOURSOMES.

Won by Miss Ada Richards and Oliver L. Johnson.

The mixed foursomes were the feature of the day at the Norwich Golf club Saturday, and the prize winners were Miss Ada L. Richards and Oliver L. Johnson, who returned a net score of 192, with a handicap of eight. This prize was handsome silver cups presented by Mrs. Willis Austin. Others who participated in the contest were Mrs. Gardiner Greene and Rev. R. R. Graham, Mrs. Robert Chappell and Mr. Korrige, Miss Leola Perkins and Luckus Briggs, Miss Elizabeth Chase and A. H. Chase, Mr. and Mrs. J. P. T. Armstrong, Mrs. Carey Congdon and Horace Learned, Miss Pauline Chase and Henry Cook, Miss Anna Chase and Charles Elwell.

The membership of the club is now about 200, and it is still growing. It is expected that it will reach the 300 mark this year.

## AT THE DAVIS—BROADWAY.

Vaudeville and Photoplays.

An excellent bill of vaudeville and motion pictures is that scheduled for the first three days of the week at the Davis theater. The feature number of the programme is the acrobatic act presented by the Kelly-Latell troupe of five people and includes a variety of new and difficult stunts. Lew Brice in his monologue has an excellent line of new humor, which makes a hit with the theatergoers. The third vaudeville attraction is The Wrong Girl, presented by Walker and M. and their number is alive with bright, snappy humor from start to finish.

In addition to the excellent vaudeville attractions there are the well selected motion pictures, including So Near, Yet So Far, Worry Starts Things, The Doctor's Debt, The Counts; and The Apache Renegade.

## No Need to Turn to Left.

Jeremiah E. Sullivan, who was in an automobile collision on North Main street on Saturday afternoon with the machine owned by R. J. Jodoin, stated Monday that the collision could have been avoided if the Jodoin driver had stayed on his own side of the road and that there was no reason why the driver of the Jodoin car should have turned from the right to the left hand side of the road, since Mr. Sullivan claimed there was plenty of room to pass on the right hand side, and nothing was in the way to hinder.

## Bread for All.

Bread! The state of Kansas alone will this year produce enough wheat to feed more than six times the population of the United States for one year. The soldiers of our army are allowed one loaf of bread a day, and the immense Kansas wheat crop would provide this average ration for 17,537,000 soldiers for one year. The magnitude of the crop is illustrated again in the statement that it could be made to girdle the earth at the equator 32 times with bread-pounded loaves. For their bumper crop the farmers of Kansas will receive the handsome total of \$85,000,000, and were the wheat all made into bread and sold at five cents a loaf, the bakers would get for it \$320,000,000. The building of the Panama canal has been looked upon as a stupendous undertaking for any nation, yet here is a single crop in a single state which by the time it reaches the ultimate consumer will be sold for considerably more than half the cost of digging the big ditch—Leslie's.

Looked Like Seven Cents to Him. Senator LaFollette is very positive if Mr. Crane gave \$70,000 for his campaign he never saw any results of it.—Pittsburg Despatch.

Nothing Selfish About Him. Hon. Hiram Johnson vigorously denies that the progressive movement is a "one-man affair." He insists that Roosevelt is also in it.—Kansas City Journal.

## AUTOMOBILES MUST

ALL BE TAXED  
Assessors Want Owners to Turn in Their Lists.

The assessors are now at work going over the registered list of automobile owners in Norwich, according to the September list from the secretary of state's office. All automobile owners will be called upon to put in a list for their machines.

So far only about fifty have been received. The assessors find that those auto owners who have lists to put in for other property also put in their machines, but those who have only machines to list do not put in any. There are 296 auto owners in Norwich in the last registered list. The assessors think the owners will be better satisfied if they put in their own lists rather than waiting for the assessors to do it.

## Notified of Deserter.

Army headquarters have sent word to the Norwich police department of the desertion of Private Leroy J. Treadway, 22, from Company B, Fourth infantry. It is reported that he deserted October 3, 1912, at the target range at Plattsburgh, N. Y., having enlisted at Fort Slocum, N. Y., on January 26, 1912. He gave the name of Mrs. Fannie Treadway, his mother, in this city, as his nearest relative, to be notified in case of accident.

Rabbit skins imported into the British Isles increased from 453,070 in the first six months of 1911 to 1,337,765 in the same period this year.

# NEW DISCOVERY QUICKLY CURES KIDNEY AND BLADDER TROUBLES

Chronic Sufferers Find Relief  
After Few Doses Are Taken

If you are bothered with backache—or rheumatism, have disagreeable, annoying bladder or urinary disorders to contend with—or suffer with any other of the many miseries that come from weak kidneys, here is a guaranteed remedy you can depend upon, no matter what else may have failed to cure you.

It is a positive fact that the new discovery, Croxone, permanently overcomes such diseases. It is the most wonderful remedy ever made for ridding the system of uric acid. Pilla, tablets, and other remedies at the best merely stimulate the kidneys, giving temporary relief. Croxone removes the cause and cures the troubles.

It soaks right in and cleans out the

stopped up kidneys and makes them filter and sift out all the poisonous waste matter from the blood. It neutralizes and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the delicate linings of the bladder; and puts the kidneys and urinary organs in a clean, strong, healthy condition.

More than a few doses of Croxone are seldom required to relieve even the obstinate long standing cases, while it cures the most severe forms of kidney, bladder trouble, and rheumatism in a surprisingly short time.

You will find Croxone entirely different from all other remedies. There is nothing else on earth like it. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle at any first class drug store, such as The Lee & Gage Co., who will personally return the purchase price if Croxone fails to give the desired results the very first time you use it.

## Leaped from Bridge to Escape Police.

Minneapolis, Minn., Oct. 21.—A man believed to be Anthony Garvey leaped from a bridge into the Mississippi river today and drowned after nearly causing the death of three policemen who attempted to rescue him. Garvey, according to the police, is accused by his sister, Miss Mary O. Garvey, of an attack which probably will cause her death.

## To Promote Efficiency in Business.

New York, Oct. 21.—A charter was granted in the supreme court today to the Society for Promoting Efficiency, an organization formed by business and professional men, educators, economists and publicists, "to promote efficiency in commercial and industrial enterprises of all kinds, including public service corporations."

## Routed Burglar with Hatpin.

Beloit, Wis., Oct. 21.—Clad only in pajamas and armed with a hatpin, Miss Agnes Thornton of Bedford, Mass., a student at Beloit college, routed a burglar whom she found in her rooming house. The burglar, who had entered her room through an open window, fled when she rushed at him with the hatpin and inflicted a dozen wounds in his back.

## Shot at Man for Insulting Wife.

Newport News, Va., Oct. 21.—For an alleged insult to his wife, Charles F. Brown, a draftsman in the local shipyard, shot at Joseph J. Zera, Cuban vice consul at this port.

## Victim of a Cold Deck.

Having bought \$144.308 of Roosevelt chips, no wonder Boss Flinn yelled "Robber!" when he had drawn nothing but deuces and trays.—Omaha Bee.

## Hookworm and Pellagra.

Lexington, Ky., Oct. 21.—An effort to determine whether there is any relationship between hookworm and pellagra was begun here today when the state board of health experts began an examination of the 1250 patients of the state hospital.

## BORN.

THOMSON—Oct. 15, in Hartford, a daughter, Millicent Houghton, to Mr. and Mrs. H. L. Thomson (nee Alice Mathew), formerly of Norwich.

## MALARIA?

Fever, depression of spirits, lassitude, heavily coated tongue, are the most common symptoms of this disease, caused by bad water, freshly turned soil, miasma, low systemic condition, etc. Likely to develop into a serious fever.

**SCHENCK'S MANDRAKE PILLS**  
are constructive—they build up, tone up, strengthen, dispel fevered conditions by making liver, stomach and bowels right, thereby contributing to purer blood. Wholly vegetable; absolutely harmless. Sold everywhere, plain or sugar coated. See a box. Send for our free medical book. Dr. J. H. Schenck & Son, Philadelphia
